

2026 Community Sponsorship Guide

Supporting youth in care through culturally responsive personal care, life skills, and identity-affirming education.

YOUTH SPONSOR

Who We Serve

- Youth in foster, kinship, and adoptive care
- Caregivers seeking culturally aligned support
- Group homes & independent living programs
- Agencies serving diverse youth populations

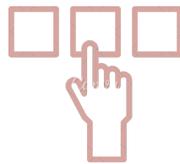

Why This Matters

- Youth in care often experience grooming-related stress and identity loss
- Caregivers want to help but lack training and culturally appropriate tools
- Hair care conflicts contribute to placement tension and burnout
- Proper education reduces trauma and increases youth confidence

Sponsorship helps fill a gap that traditional services often miss.

Together, we can ensure every youth receives the culturally aligned support they deserve.
